

# I Can Statements - Science

**Yellow** Highlight - Introduced in Quarter 1

**Pink** Highlight - Introduced in Quarter 2

**Green** Highlight - Introduced in Quarter 3

**Aqua** Highlight - Introduced in Quarter 4

Force and Motion	
Standards	"I Can Statements"
<b>K.P.1.1</b>	I can understand the differences between positional words.
<b>K.P.1.2</b>	I can understand different ways that living and nonliving things can move.

Matter - Properties and Change	
Standards	"I Can Statements"
<b>K.P.2.1</b>	I can use property words to describe objects.
<b>K.P.2.2</b>	I can observe and sort objects based on a list of property.

Earth Systems, Structures and Processes	
Standards	"I Can Statements"
<b>K.E.1.1</b>	I can infer that change is something that happens to many things in the environment based on observations made using one or more of their senses.
<b>K.E.1.2</b>	I can summarize daily weather conditions noting changes that occur from day to day and throughout the year.
<b>K.E.1.3</b>	I can compare weather patterns that occur from season to season.

Structures and Functions of Living Organisms	
Standards	"I Can Statements"
<b>K.L.1.1</b>	I can identify ways that animals of the same type have different attributes.
<b>K.L.1.2</b>	I can compare living and nonliving things by using terms all animals share.
